

Quality. Guaranteed.

**SpecSure®**
GYPROC SYSTEMS
WARRANTY

SpecSure®

Guaranteeing the future of drywall and ceilings

SpecSure® is a unique warranty that guarantees that Saint-Gobain Gyproc proprietary systems, as listed here www.gyproc.co.za, will perform to the parameters published in our current literature for a 10-year period, from date of purchase, and provided that the system in question is installed as advised, using the recommended Saint-Gobain Gyproc products.

SpecSure® is your guarantee that the systems you have chosen:

- ▶ Comprise of the highest quality components, designed to work together to deliver the specified level of performance.
- ▶ Are supported, if required, by South Africa's leading drywall and ceiling specialists, at every stage of the project, offering technical expertise and support both on and off site.
- ▶ Have been tested in accordance with the current standards in accredited laboratories, and site tested to demonstrate installation integrity and simplicity.
- ▶ Will perform to published parameters as indicated in Gyproc technical specifications.

To qualify for SpecSure®

- ▶ The customer must specify and install Saint-Gobain Gyproc systems in line with the recommendations in the current literature.
- ▶ The systems must be exclusively comprised of genuine branded Saint-Gobain Gyproc components, tried and tested over many decades in some of South Africa's most prestigious buildings.
- ▶ Saint-Gobain Gyproc cannot guarantee that the use of other manufacturers' components will meet our rigorous performance and quality standards when installed in our tested systems, and consequently the SpecSure® warranty will not apply if any other components are specified and installed in the relevant system.
- ▶ The following Gyproc products are not covered by the SpecSure® systems warranty: Gypframe®, Essential Range, Gypline® Range, and Gyprex® L (6.4 mm).
- ▶ Please make sure to refer to our online SpecSure® document for updated information, available at the following link: www.gyproc.co.za/legal-notices

Saint-Gobain Gyproc is:

- ▶ Primarily a local manufacturer with selected imported products.
- ▶ MERSETA and CETA accredited and offers training at the Saint-Gobain YouthBuild Academy.
- ▶ Ecospecifier, Greentag and LCA/EPD certified.
- ▶ A founding member of the Green Building Council of South Africa.
- ▶ In the top 100 most innovative companies in the world (Thomas Reuters 2020).

BENEFITS

SPECIFIER

- Supported by a well established global company that has been in existence for more than 355 years.
- Specifier support, system performance testing, comprehensive technical literature and leading SA experts reduce contract risks.

DEVELOPER

- Comprehensive project documentation support
- Comprehensive latest drawing library saves time
- Allows specifier to concentrate on design
- Tried and tested world class solutions
- Performance warranty reduces project risk
- Site assistance is offered
- Systems that meet NBR/SABISA requirements
- Offering peace of mind
- Main and sub-contractor training and site support
- Successful execution of works
- Improved contractor performance through site support
- Quantity and costing support through manufacturer and suggested sub-contractors
- Local manufacturing improves product availability
- Reduction in project risk
- Offering peace of mind
- Global sustainable and innovative solutions
- Providing future flexibility
- Site support
- Installation of latest technologies & innovations

CONTRACTOR

- Site support improves contractors performance
- Continued site training reduces errors
- Reduction income loss due to poor performance
- Technical documentation to support decision making
- Reduction in project risk
- Systems evaluated for buildability
- Local manufacturing improves product availability
- Tested components that work together
- Installation of latest technologies & innovations
